

SmartPath is a complete faculty information solution.

Seamlessly manage onboarding, appointment, evaluation, promotion & tenure processes. Consolidate all your faculty data in one secure & easy-to-use system.

Your time could be better spent.

Stop managing spreadsheets, tracking emails, and responding to random inquiries about deadlines or status updates. SmartPath gives you control, increases transparency, and most importantly – gives back much-needed time.

Keep what works. Change what doesn't.

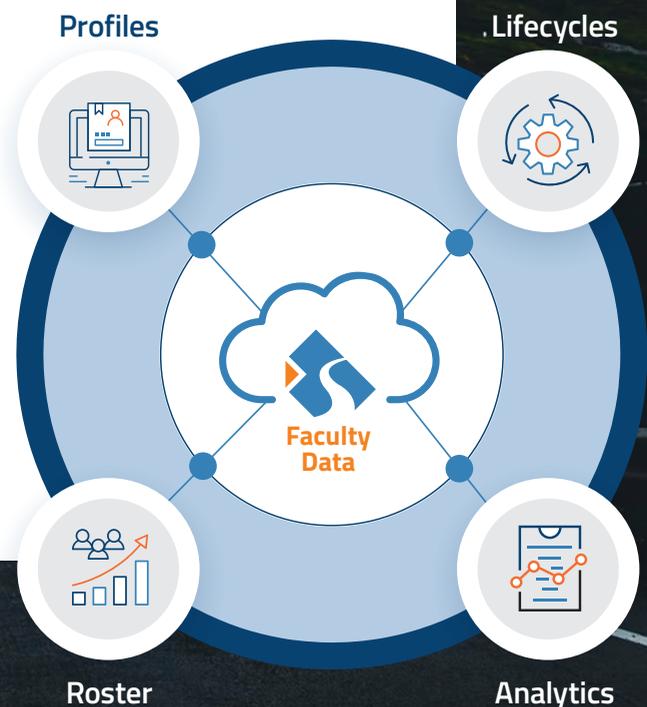

We don't think you should have to change workflows that work! Using industry best practices and a consultative approach, our expert staff can help you keep the "good stuff" and easily fix the rest.

Answers at your fingertips.

24/7 access to your dashboard ensures you can easily keep track of everything in the queue. Automated reminders and updates ensure applicants and faculty know what's due when - and what's coming next.

True career management.

Because onboarding is just the start! Stay compliant in credentialing, track milestones for promotion or tenure, and gain insight into the demographics of your faculty & staff.

SmartPath was created for the unique needs of faculty affairs teams at academic institutions and medical schools.

"I wanted a product that could start working immediately. I didn't have time to teach another company what my needs were. SmartPath allowed for easy personalization and customization."

Deirdre Pitts, MAOM, IPMA-CP
Associate Dean for Academic, Faculty Affairs, Diversity & Inclusion

Profiles

Track faculty accomplishments (demographics, grants, contracts, publications & more) all in one place
